# DURO

**EARTHY ORIGINALITY. CLEAR GLAZED AND CAN STAND A LOT.  
ONLY UNGLAZED LOOKS EVEN MORE NATURAL.**

This tunnel kiln fired series is not just remarkably durable. It is also remarkably versatile when it comes to laying. The special hard glaze is uncommon here, so it is something of a luxury. As it only serves to protect the surface, and is clear.

Duro is fired clay in the most original sense and displays a natural expressiveness even without colouration. The only thing that could be even more natural-looking would be no glaze at all. The earth tones are especially warm and pleasant because of the special tunnel kiln firing process. With Duro, the terrace is not just attractive in summer, but all the year round.
